

Aug. 18 1946

Mr Wm. McKee Jr.
Dunn Field
Trenton N.J.

Dear Friend:

Just for the sake of the record I thought I had better write you about the change in date. First I asked for Saturday August 31st. Instead of this date I want Thursday Aug. 29th. We will bring the Baltimore Elite Giants in on that date.

I think I will be able to bring The Cubans in on Sept. 6th for the game we were rained out this week. Abe tells me we were going to have a good crowd. I have always felt the Trenton fans would support our baseball, and we really have a grand ballclub. You should tell The Giants to scout a couple of our men. We really have several they could use.

Did you read about Day's performance yesterday. He is the boy who pitched the nohit-no run game opening day. He pitched fifteen innings yesterday against The Grays and won the game in the 15th inning with a home run. He is currently leading our league in strikeouts, and can play any position on the field as well as any regular, except catch. Has been with us since he was 17 the first year we had the club. 23 years old now which makes him a little old, but the colored boys seem to last a long time.

Thanks for your cooperation this season. May see you this Wednesday night. Please get one of your umpires for Wednesday night.

Very Truly Yours
